A TRIBUTE TO A KAUAI BOY

Paul le Normand de Bretteville, who lost his life as the result of a collision between a bicycle which he was riding and an automobile, on Sunday morning, July 7, 1912, was born in Honolulu in February, 1888. Paul was a dutiful son and brother, always led an exemplary life and as a result, was a favorite among his associates. His early life was spent with his parents who came to Kauai while he was yet quite young. Having once entered Punahou College, he became so earnest in his endeavors to equip himself for his future struggles, that he found little or no time to take other than occasional visits to his Kauai home. All through his college days, his closest chum was his only sister, Miss Maud, who graduated with him in the '09 class. Having been so devoted to each other, the sudden demise, enshrouded his life-time, bosom companion, in inexpressible grief.

Having finished college, he decided to follow commercial pursuits, finding employment as stenographer with a leading Canning Co. His attention to business and personal deportment at once stamped

him as a keen-sighted young man, and as the result, he had not long been with his first employer when he was offered an advancement by Mr. Richard Cooke, of C. M. Cook Co. Ltd., which he accepted. Beginning as stenographer he rapidly qualified for further advancement, and ere long became bookkeeper. At the time of his death, he was the Company's most trusted employee, plans being under way to allow him full charge of affairs during a contemplated trip by the manager to the coast. He had worked for the firm for three years and three months, and enjoyed a reputation gained only by honesty and faithfulness to his duty and friends.

Deceased was a devout member of the Central Union Church, a member of Hawaii N. G. Co. A., a member of the Healan Boat Club, and a member of the neighborhood Tennis Club, being its secretary and Treasurer at the time of his death. He doted upon athletics; he fairly breathed them. Never an opportunity to enter into athletic sports presented itself but he hailed it with delight. During his college days, he was a leading spirit in football, his favorite position being on the end. Of all the sports, however, perhaps that of canoeing appealed to him most, and it was while en route to a practice row with his crew that the great, grim reaper, stalked abroad and claimed him for his own.

Weep, ye who sorrow for the dead, Thus, breaking hearts their pain relieve, And reverence are the tears they shed, And honor'd ye who grieve.

The praise of those who sleep in earth, The pleasant memory of their worth, The hope to meet when life is past, Shall heal the tortured mind at last.

Blessed are they that mourn; for they shall be comforted.

A LAW THAT'S NOT A LAW

Damage to the amount of fifty dollars in a single day as a result of a nonobservance of a law which has existed since 1907, would indicate a necessity for either compelling the enforcement of the law or the doing away with it entirely. The law in question is that which prohibits owners of stock from turning it onto the highways. Last year the matter was taken up, but little came of it, and as the result, the public roads are lined with stock from Haena to Mana. Drivers of autos are in constant dread as they round curves, lest they come suddenly upon a cow or horse, which in many instances persists in remaining stationary in the middle of the road until the machine is brought to a stop. Last Sunday night, a car from the Nawiliwili Garage ran into a horse near the Lihue school, smashing his big lamp and injured the radiator almost beyond repair.

If county government means to sit calmly by and see an individual's property damaged, with the full knowledge of an existing law, made by the County itself, for the protection of its individuals, and to make no attempt to enforce such law, then by all means give us a form of government which can carry out the law as it writ.

WISE SAYINGS

H. H. BRODIE.—Can I cook? Say, try one of these doughnuts while I take the others up. Just between ourselves, of course, I will say there are few women who can come any ways near putting up the meal that I can.

W. D. MCBRYDE.—No, we don't eat all our pines. We simply eat what we can, and can what we can't.

M. J. PERIERA.—Manager Hansen will furnish the stone all right. All we want is the road-making outfit to anchor in our midst. The new culverts under construction are held up for want of stone for cement.

JUDGE HOFGAARD.—No, there is positively no truth in the statement that my family fled to the mountains because I shaved my mustache. There is always some one to become envious when he sees a better looking man than himself, hence the report which is not true by a long shot.

EDITOR SHEBA.—On Kauai, in repairing your roads, you employ judgement and not politics as we do in Honolulu. You put on your oil only where it is needed instead of slopping it all over the road.

ENGINEER BRANCH (wireless station).—We expect to have the new plant ready for business within a few months. We are delayed now in the nonarrival of the engine which will be used as power generator until we get electricity.

HON. J. I. SILVA.—No there is no room for a third party here. On Oahu of course they are so accustomed to having such a variety of politics it won't cut much ice.

New Wireless Station Growing

Leslie W. Branch, of Honolulu, arrived on Wednesday's Kinau and is occupied in laying the foundation for the new wireless station, preliminaries for which have been completed and Mr. Branch returned to Honolulu by the Hall Saturday. He returns to Kauai within a few days, for the purpose of installing the gas engine and to serve in the capacity of general overseer of the construction of the plant. Mrs. Branch will accompany him.

Bits Of Convention Aftermath

The convention which met here a few days ago was the 90th in the history of the Hawaiian Evangelical Association. Plans are already in hand for the celebration of the centenary.

The next annual convention of the Hawaiian churches will be held in the Historic Kawaiahaeo church in Honolulu. Mani made a strong fight for it and missed it by only one vote.

Thursday morning last by special steamer Claudine the great convention host departed for Honolulu and a great quiet fell upon the community. In a few hours the village of tents, the lanai dining room, the long tables and benches, and the festive air of a holiday occasion were gone. Only the bills remain to remind us of what has been.

Much credit is due the Lihue people for the royal hospitality which they extended to the convention and especially to the leading spirits who have the weight of the burden. With characteristic grace and efficiency we have reason to believe that no where else have the delegates been treated so generously.

Local And Personal Paragraphs

School rooms are springing up all over Kauai like mushrooms.

Mrs. C. B. Mabee was hostess to the Gays' last Friday, at her home in Hanalei.

The Kamehameha Glee Club serenaded Mr. and Mrs. W. H. Rice, Jr. Wednesday evening. The music was exceptionally well rendered and heartily appreciated.

Clifford White of the well-known firm of E. O. Hall & Son, Honolulu, leaves for Honolulu this afternoon having completed another of his pleasant visits among Kauai's merchants.

Silva & Murry representing the well known firm of M. McInerney, Ltd., will arrive on the Kinau tomorrow morning, landing at Waimea. They carry an excellent line of footwear, and the famous Stein-Bloch clothing. The reputation of M. McInerney Co., Ltd., is sufficiently known to our readers, to require no further introduction. Read their ad in this issue.

PROF. SHIGA LECTURES HERE

The Japanese population of Kauai were hosts last week to professor Shiga Shigepaka, a famous Japanese lecturer on economy. A delegation of prominent local Japanese met the professor at the landing and escorted him to Hotel Fairview. Breakfast over, he was switched off by auto to the various places of interest, including a trip to the Wailua falls. On Friday evening, he delivered an interesting lecture to a large audience at the Lihue Hall. Saturday morning, he was placed in the hands of another committee, who escorted him to the barking sands, spouting horn, and other scenic points on the other side, returning to Lihue in time to catch the Kinau for Honolulu at 5 o'clock. Prof. Shiga has devoted his lifetime to the study of economics with the result that he handles the subject knowledgeably and intelligently. Messrs. Seike of Hanamaulu, Rev. Miyasaki, of Kapaia and Editor Fukunaga of the Kauai Shimpu, had the professor in charge during his visit, and proved an extremely efficient committee.

Kapaa Boy Is Honored Athlete

In the elections to Phi Beta Kappa, the national scholarship honor society, last month, by the chapter at Stanford University, one of those who received the coveted distinction was Kenneth L. Dole, who was born at Kapaa and spent his early years there.

Dole was captain of the Stanford football team in 1910, and is one of the rare cases in which a leader in athletics becomes also prominent in scholarship.

He leaves next month for the Harvard Medical School in Boston, where he will take the four years' course in medicine.

Oahu Boy Is Fond of Kauai Nei

William Isaac, delegate from Honolulu, and a student at the Mid-Pacific Institute, leaves for home this afternoon. While attending convention Mr. Isaac found time to explore some of our picturesque mountain peaks. On Friday, he climbed the mountains between here and Koloa, arriving at the latter place at 7 o'clock. At four in the morning he started on his return trip, taking a different route, arriving in Lihue in time for morning church service. He is an enthusiast tramp and has well laid plans for a tramp throughout the mountains of Oahu. Mr. Isaac was a member of the party who rescued the lost school teachers from the fastness of the Punaluu forest.

Notice To Automobile Owners

Owners of automobiles of the County of Kauai are hereby notified that the automobile ordinance prohibiting the transfer of an original number to a new or different car, will be rigidly enforced, and that all owners of cars other than originally registered, are requested without further notice, to call at the office of the undersigned and have such cars properly registered.

W. HENRY RICE,
Sheriff County of Kauai.

Why Oahu Won The Polo Game

The fact that Oahu won the polo penant from Maui is accounted for in the fact that Arthur Rice played with the former team. Arthur is one of the best polo players in the Territory, a fact that all others should not forget. He is popular in Honolulu's business circle as well, having become an important factor in the Jas. F. Morgan Co., Ltd.

Representative Quansan of H. Hackfeld & Co., Honolulu, is again calling on our merchants.

POLITICS OPEN AT ELEEELE HALL

The Eleeele Republican Club, held a preliminary meeting at its headquarters in Eleeele last Saturday night, at which time considerable discussion took place as to endorsements of candidates, etc.

K. W. Kinney was proposed for representative, and as the matter was one to which he had given no thought, he allowed two weeks in which to do a little scouting before giving his answer. This was the most important matter brought before the meeting, which was simply an informal one for the purpose of "getting together." The club holds its next meeting one week from next Saturday night.

Portuguese Woman Is Injured

A Portuguese woman was knocked down and badly bruised at the mill crossing about 5:30 Thursday afternoon. She was taken to the Lihue hospital where her wounds were found not to be necessarily serious.

Holy Ghost Feast At Kalaheo

Special to The Garden Island
KALAHEO, July 20.—The feast of the Holy Ghost was celebrated here Saturday and Sunday July 13th and 14th, and was one of the most successful ever held here. Decorations were superb, the Lihue band discoursed enchanting music, great processions passed in review and a record crowd participated.

Lihue Band At Waimea's Feast

The Holy Ghost feast at Waimea last Saturday and Sunday is said to have been the most elaborate of all those given this year. The decorations were gorgeous, the donations abundant and the sales in excess of all previous celebrations. The Lihue band furnished the music for the occasion, occupying a conspicuous place in the foreground. A stand was erected for the band's special purpose and the fifty white uniforms of the boys, among the fern decorations was a sight which attracted no little attention especially from the fair sex. The crowd remained long after the auction for no other reason than to hear the band. The feast was the concluding celebration of this kind for this year and was attended by hundreds from outlying districts.
